Conference Venue:

HOTEL MELIA

Via Masaccio, 19 - 20149 MILANO - Italy

Dear Colleague,

We are organizing the congress: Aesthetic Surgery of the Breast. Safe surgical approach. Non invasive and minimally invasive surgical treatments. Third European Symposium that will be held in Milano, 11th-12th December 2008.

Experts from the most prestigious Institutions will be present to enrich the Scientific Programme, to share and compare techniques and personal experiences with the audience.

Video surgery session will be held each morning and the opportunity to ask questions in real time directly to the surgeons that performed the operations will increase the teaching level to a very high standard.

Sessions dedicated to the use of botulinum toxin, fillers and new electrical devices, fat injection, breast implants, breast augmentation, breast reduction, breast detection and high aesthetic surgery of the breast will be included.

Best regards.

The School of Oncological Reconstructive Surgery was founded with the scope of increasing knowledge in the area of reconstructive oncology. Founded in June, 1999 by **Dr. Maurizio Nava**, director of the Plastic and Reconstructive Surgery Unit of the Fondazione IRCCS Istituto Nazionale dei Tumori di Milano.

The goals of the School are:

- To contribute in increasing information available in the area of oncological reconstructive surgery.
- To organize and promote Courses, Seminars and Congresses on this area of speciality.
- To develop research in oncological reconstructive surgery and produce journals and multi-media material.
